A bibliography of almost 1,100 items on the college teaching of English is arranged according to the following categories: (1) General, (2) Curriculum, (3) Composition, (4) Rhetoric, (5) Literature, (6) Composition and Literature, (7) Linguistics and Composition, (8) Grammar, (9) Linguistics, and (10) English Language which is subdivided into General, English in the USA, English as a Second Language, Dictionaries, Etymology, and Semantics. The composition and English language categories each contain a fourth of the total items listed. Some books are included, but for the most part the bibliography contains pedagogical articles published in journals which are likely to be available in most well-stocked college or university libraries.
